

Welcome

Trenton, Missouri

Welcome to

*Congratulations
Trenton Area Chamber of Commerce
For 100 years of service to our community!*

The Trenton Area Chamber of Commerce would like to welcome you to the area. Whether you have chosen Trenton in which to raise a family, are considering relocation here, or just visiting the area, you will enjoy the small town, friendly atmosphere that locals enjoy.

Trenton is located at the junction of Highways 6 and 65 in north central Missouri. We are about 90 miles NE of Kansas City, Missouri, and about 30 miles south of the Missouri/Iowa state line. Our well-developed street system is well maintained by our city street department. Missouri Department of Transportation (MODOT) addresses state highway construction and maintenance for the highways that go through and/or near Trenton.

Trenton Municipal Airport provides local air service and is the only jet-sized airport in the area. The airport has a 4,400 foot lighted runway, provides jet fuel, and has a hanger space available for rent. International travelers will find their wings at Kansas City International Airport, located in KC, MO.

We currently have over 200 active businesses comprising the Trenton community. Many of them are small, family-owned businesses. The foundation of the Trenton business climate is provided from Modine Manufacturing and ConAgra Foods. Modine Manufacturing produces radiators and other automotive components. ConAgra's core competency is food production employing over 400 persons locally. Other major employers include: North Central Missouri College, Wright Memorial Hospital, Green Hills Community Action Agency, Trenton Hy-Vee, the Trenton R-IX School District, the City of Trenton and Trenton Municipal Utilities (TMU). We are also blessed to have two thriving major media outlets in the Republican Times Newspaper and the PAR Broadcast Company which includes KTTN-FM, KTTN-AM, and KGOZ.

Trenton, Missouri

The Trenton Area Chamber of Commerce, with its pro-business mission, supports businesses both old and new by offering ribbon cuttings, years in business recognitions, marketing support and a host of other member benefits including hundreds of referrals to interested individuals and excellent networking opportunities for all members through business after hours events, quarterly luncheons and the annual banquet.

Trenton offers homebuyers a wide selection of affordable housing choices close to local schools and city amenities. For those not interested in home ownership, Trenton offers a variety of other choices including townhomes and apartments. Residents in need of intermediate care facilities have several to choose from: Eastview Manor Care Center is a private, 90-bed facility complete with onsite nursing staff; Sunnyview Nursing Home and Apartments is a public, 154-bed facility with 27 apartments and an onsite nursing staff; and Bristol Manor is a private residential care facility licensed to help distribute medicine.

Many area residents and hunters from across this Midwest visit the Trenton area each year for hunting. White-tail deer abound, as well as turkey, geese, ducks, squirrels, rabbits, and other forms of wildlife. Fishermen find the lake at Crowder State Park a great place to fish. Residents of Lake Trenton area have 2 large lakes from which to fish that are stocked with crappie, walleye, bass, and blue gill.

Welcome to Trenton!

A Message from The Chamber

The Trenton Area Chamber of Commerce is working to ensure the growth and progression of this area. The dedicated volunteers and committed leaders are working diligently to make the community a better place to live and do business. We are meeting today's challenges and preparing for those that will face us in the future.

As we address those challenges, the key to success will be the strength of our membership. Each year we see new faces as the Chamber continues to grow. Those new members are joining with the long-term members to ensure the prosperity of the community. Together we can accomplish what none of us could do alone.

Whether you are on business or pleasure from day to day, we hope that you will find this directory useful. We have classified members according to business category. We hope you will use this guide frequently as you do business here in Trenton. If you're just visiting us for the first time, we are certain this directory will assist you in finding what you need while you're here.

The Chamber is dedicated to providing you with the best possible service. If you have any ideas or suggestions on how we can better serve you, please notify one of the Board Members or Ambassadors or contact the Chamber office. Your continued support of the Chamber is greatly appreciated. Let's all continue to work together to support the business community and our community as a whole and help us to continue in our mission of enhancement of the quality of life in Trenton and Grundy County.

Welcome to Trenton!

Debbie Carman

T.D.I.A.

Trenton Downtown Improvement Association (TDIA) is a 501(c)(3) nonprofit organization that was established in 1991 by a group of civic leaders and downtown business owners. TDIA's focus is the revitalization of the downtown area of Trenton. Revitalization is accomplished by:

- Preservation of historic buildings, thus providing available space for businesses and retail merchants;
- Sponsoring of community activities and events in the downtown area;
- Improvement of the appearance of downtown through streetscape.

Image plays a very important role in a person's feelings towards a community and a downtown that is well maintained and utilized creates a positive attitude and promotes economic growth.

Throughout the years TDIA has been involved in projects such as: Rehabilitation of the Plaza Hotel and Theater; Installation of new sidewalks and period lighting in the downtown area; Establishment of a Revolving Loan Fund available for the improvement downtown buildings; Placement of "Welcoming" banners; Sprucing up planters with new plants.

TDIA has had a director since January of 2010. The director works to increase the community's awareness of TDIA's goal of improving the downtown area thus creating a desirable environment for people to work, live, shop, and enjoy. The director also works with downtown businesses and building owners to foster economic growth in the downtown area. Current director efforts have included creating an online presence for downtown businesses and TDIA through the use of websites, blogs and social media.

TDIA has assisted with and co-sponsored downtown events such as: the annual Easter Egg Hunt, the Colgate Country Showdown, the downtown Independence Day Celebration, World War II Recognition, the annual chili cook off and the Downtown Christmas. In addition to sponsored events, TDIA provides support to the Friends of the Arts and the Grundy County Museum in their downtown events.

The Trenton Downtown Improvement Association is currently looking to expand their partnership beyond downtown business owners by reaching out to the community as a whole. Downtown Trenton belongs to all residents and is the "Hub" of our city. By becoming a partner, a business or individual will be a part of the revitalization effort and have a voice in making downtown a place to be proud of. The TDIA monthly partner meeting is held the third Tuesday of each month at 5:15 pm. The meeting is open to the public. If you are interested in becoming a TDIA partner or inquiring about our downtown please contact the TDIA director at (660) 339-7606 or send an email to tdiatrentonmo@gmail.com. You may also learn more about TDIA at tdiatrentonmo.blogspot.com.

Grundy County Museum

The Grundy County Museum presents the life experiences of its citizens through the tools, equipment, pictures, documents, appliances, weapons, symbols and technology displayed in three museum buildings. In these buildings you can feel the past as you read the accounts of our community's history, touch 20th century tools/technology and envision the challenges faced by our parents and grandparents.

Museums are time machines where the past returns when we take the time to closely examine the equipment and technology found in homes and businesses as our forbearers worked and played when they were young.

Regular museum hours are 2:00 - 5:00pm weekends and holidays. Appointments can be made for organizations to tour at other times. This year's feature exhibits are: Railroading in Grundy County (displayed Memorial Day thru July 29) and Civil War in Grundy County (displayed August 11 thru October 28). Museum is located at 1100 Mable St.

Crowder State Park

Nestled in the rolling, glaciated hills of north-central Missouri, Crowder State Park is special for several reasons. The park memorializes a notable Missourian, Maj. Gen. Enoch Herbert Crowder, and offers a retreat of rugged slopes and stately forests in a region otherwise consisting of generally level farmland.

The park was created in 1938 when the state legislature appropriated \$10,000 to purchase a tract of 640 acres located three miles west of Trenton, the county seat of Grundy County. Just to the southwest of the park is the hamlet of Edinburg.

The park's natural environment is unusual for northern Missouri. It is covered with a mantle of rich glacial soils that nurture thick forests of sugar maple, and stately white and red oaks. The Thompson River, named for Dr. William Preston Thompson, the ruins of whose ca. 1833 brick home still stand within park boundaries (the home itself is now owned by the Friends of the Thompson House), winds its way through the park. Bordering it are steep-walled valleys and ravines where basswoods and bur oaks tower over an understory of dogwood, serviceberry and bladdernut. The rich bottomlands along this meandering river are accented by stands of cottonwood, river birch, silver maple and sycamore trees that shade a valley floor where the rare ostrich fern grows in company with carpets of swamp buttercups, touch-me-nots, sweet williams and Dutchman's breeches. On well-shaded sandstone ledges, carved by the Thompson River, lady slipper orchids and maidenhair ferns cling to a delicate existence.

Several mounds of prehistoric Native American origin are also found in the park, and at the time the first American settlers showed up, the area was still being used by Sac and Fox Native American tribes.

Presently at 1,912 acres, the park offers many opportunities for such recreational and leisure activities as camping, picnicking, hiking trails, horseback riding trails, fishing, boating and swimming. There are 42 campsites in the park, 32 of which have electrical hookups. The camping area features modern restrooms, hot showers, a dumping station, laundromat and playground equipment.

Camp Grand River, a group camp, is available to nonprofit organizations, and offers sleeping cabins, a dining lodge with kitchen, a recreation hall and outdoor recreational facilities, including a play court and swimming beach. The 18-acre Crowder Lake offers swimming and boating, and is regularly stocked with fish to tempt the angler. For swimmers, there is a

sand beach and bathhouse. Twenty-five picnic sites are located throughout the park. For larger family gatherings, an enclosed shelter with electricity is available, as are two open shelters; these can be reserved by contacting the park superintendent. A paved tennis court is another of the recreational offerings. The park offers several forest trails for hikers and bikers including one that leads to the Thompson River.

Trenton R-IX Schools

Trenton R-IX School District offers a wide variety of educational opportunities in an effort to accomplish its mission: to prepare all students to be **CA-PABLE, CONTRIBUTING, CARING** participants in an ever-changing world. The district is proud to have earned the Distinction in Performance recognition from the Missouri Department of Elementary and Secondary Education for the past two consecutive years.

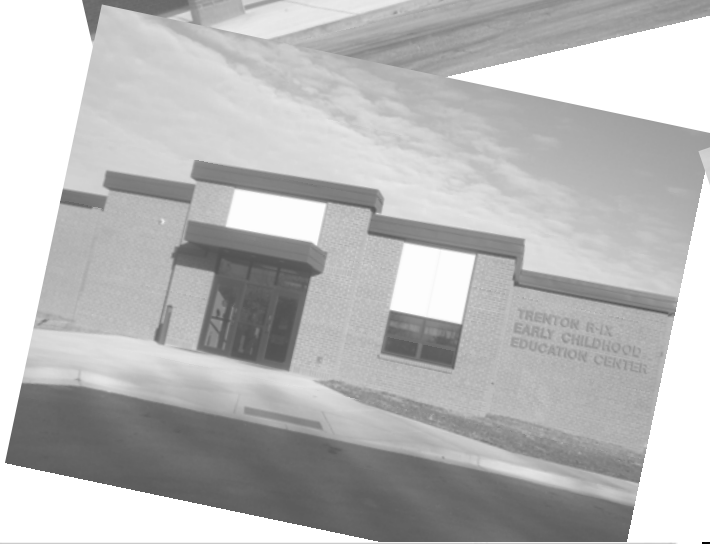

Trenton R-IX is home of a new Early Childhood Education Center. Completed in 2011, the center houses four preschool classrooms (serving 90+ students), an activity center, and a Parents as Teachers office. High quality staff, state of the art technology, and research-based curriculum, combine to provide outstanding early learning opportunities for young children.

S.M. Rissler Elementary School serves students kindergarten through fourth grade. Students receive outstanding academic instruction and learn developmentally appropriate behaviors through the school-wide implementation of Positive Behavior Supports. The elementary school employs two full-time guidance counselors and staffs a 13:1 student to teacher ratio.

Trenton Middle and High School, which share a campus, have benefitted from recent facility improvements. The shared music building was recently expanded and renovated. The high school gym was expanded to include a new classroom, wrestling room, and weight room. The Trenton R-IX Success Center serves both the middle and high school. The Center is an alternative learning facility to provide students with a quality, accredited education through non-traditional approaches.

Trenton High School is an A+ school. It works jointly with Grand River Vocational School and North Central Missouri College to offer many advanced educational opportunities to students. Both the middle and high schools take great pride in students' academic achievements, but also promote the social growth of students through participation in extra and co-curricular activities such as sports, fine arts, FFA, FCCLA, and academic teams.

Just over 1200 students attend classes and about 170 people are employed at Trenton R-IX which is fully accredited by the Missouri Department of Elementary and Secondary Education. More detailed information about the district can be found online at www.trentonr9.k12.mo.us.

Wright Memorial Hospital

Wright Memorial Hospital is a member of Saint Luke's Health System, which consists of 11 area hospitals and several primary and specialty care practices, and provides a range of services. We have a brand new state-of-the-art facility that opened in April of 2011.

From a 24/7 physician covered emergency department to obstetrical care; patients are able to obtain services from multiple specialty outreach physician clinics while following up with their primary care physician at Wright Memorial Physicians' Group. Being able to have your lab and x-rays completed locally in addition to your annual mammography is another way Wright Memorial Hospital offers the best quality care close to home.

It is no longer necessary to waste an entire day and a tank of gas by driving to Kansas City for medical treatment. Founded as a faith-based, not-for-profit organization, Saint Luke's Health System's mission includes a commitment to the highest levels of excellence in health care and the advancement of medical research and education.

For more information regarding the services at Wright Memorial Hospital, please call 660-358-5700. Visit our website at:

www.saintlukeshealthsystem.org/location/wright-memorial-hospital and "like" us on [facebook.com/WrightMemorialHospital](https://www.facebook.com/WrightMemorialHospital).

Wright Memorial Hospital is Your Direct Connection to Specialized Health Care

When you need to see a specialist physician, there's no reason to leave Trenton. As a member of Saint Luke's Health System, Wright Memorial Hospital can connect you with our region's most respected and highly trained specialist physicians—and they see patients each month in our specialty and tele-medicine clinics, right here at home.

You can make an appointment with specialists in the following areas:

- Cardiology
- Orthopaedics
- Tele-Neurology
- Podiatry
- Pulmonology
- Gastroenterology
- Oncology/Hematology
- Tele-Psychology
- Ophthalmology
- Ear, Nose, and Throat
- And more

To learn more, or to schedule an appointment, please call 358-5818. To see our monthly clinic calendar, go to saintlukeshealthsystem.org/wright-clinic-ndar.

**1008 OKLAHOMA AVE
TRENTON, MO 64683**

Great things continue to happen in Trenton! 2012 has proved to be a prosperous year thus far; we have seen many new projects begin, projects coming to a close and many new and exciting projects in the works!

The Adams Park Apartments project was completed and now provides 35 low to middle income senior housing apartments for our community. The project involved renovating an 88 year old school building into apartments with the goal of preserving as much of the historic landmark as possible. Funding was attained through a Historic Preservation Grant, which involved strenuous guidelines on the reconstruction/preservation efforts. An Open House and Dedication was held on May 19th complete with a luncheon and tours.

Another proud moment for the City of Trenton was the Flag Pole Dedication Ceremony that took place on Memorial Day. Upon learning that our flag pole that had stood at 5-Points for over 140 years was structurally unsound, a group of citizens formed a Flag Pole Committee and began efforts in raising the funds to replace the flag pole. In less than 3 months, the committee was successful at securing enough donations to pay for a new flag pole, flag, and lighting. The new 12 x 18 ft flag was an awesome sight when seen hoisted on that beautiful Memorial Day morning. What an honor to our troops, citizens, and freedom!

Trenton is seeing new businesses, expansions and new construction. The former Pamida store was purchased by ShopKo; Hanger is located in the Eastgate Shopping Center specializing in prosthetics and orthotics; Cara McClellan has constructed a new building for her insurance agency on 9th Street. New single and multi family housing projects are under construction, including the new 21 apartment Lamplighter complex on Oklahoma Avenue and Sunnyview is adding 16 new assisted living apartments.

Many activities were held in the downtown area that brought visitors into the community. Among them were Christmas activities complete with living window displays, an Easter Egg Hunt in Sesquicentennial Park, a chili cook-off, Art in the Park Bed Races, and many Elk's Lodge-sponsored events! Events throughout the City took place as well including the Annual Gooseberry Festival, North Central Missouri Fair and the Missouri Day Celebration and Band Day Contest. The Missouri Day Festival is known to bring thousands of visitors to our community and is one of the biggest and most well known festivals in our area.

We are pleased with the forward progress the City of Trenton has achieved and we look forward to continuing this trend in 2013 and beyond! Be a part of the great things happening in Trenton. For more information, go to www.trentonmo.com or call 660-359-4310.

North Central

The past two years have been exciting ones for North Central Missouri College: record-setting donations for the Capital Campaign, dedication of the new Barton Farm Campus, strong student enrollment, and a successful college-wide review by a national collegiate accrediting agency, the Higher Learning Commission.

The *Invest in the Vision* Major Gift Campaign, a fundraising initiative by the NCMC Foundation, reached nearly \$14 million by April 2012. The campaign, which began in March 2005, was able to sustain its momentum during recent economic downturns to eventually arrive at this astounding total.

Development Director Steve Maxey was quick to credit much of the success to a dedicated campaign committee, strong foundation board, a multitude of volunteers, an extremely supportive college family and hundreds of contributors who recognized the importance of identified initiatives and the history of the College as good stewards of their dollars.

The construction of the new Elizabeth and Arthur Barton Farm Campus was a primary focus of the fund drive. After months of planning, a groundbreaking ceremony was held at the site of the new campus in fall 2010 with Governor Jay

Nixon in attendance. The first two buildings, the Lager Laboratory of Plant and Energy Science and the Metcalf Mechanical Building, along with the Whan Family Greenhouse, were dedicated and in use for the fall term 2011; this was immediately followed by construction of the Kuttler Animal Science Complex.

Several large gifts to the capital campaign specifically designated for the new Barton Campus helped to boost the fund totals. Proceeds from the largest gift ever presented to NCMC, a 312-acre farm with an estimated value of \$1.4 million, will be used to support the Barton Farm Campus for the next ten years. At the end of that period, the College will be able to sell the land if it so desires. Local residents John and Delores Kuttler made this gift to NCMC in October 2011. Another large gift for the campaign from the estate of the late Dr. and Mrs. James Whitley of Columbia was announced in February 2012. The College was fortunate to receive many other sizeable gifts for Barton Campus in the past two years.

“Just because we have reached this \$14 million milestone doesn’t mean the campaign ends or the need for community support ceases,” said Maxey. “A plan to restore Geyer Hall, the anchor building of NCMC’s downtown campus, is next on our list as very important to the ongoing development of North Central Missouri College. Also, a renewed emphasis will be placed on increasing the student scholarship fund in the coming year.” He continued, “NCMC is fortunate to have both a strong and caring family of alumni and friends whose support has resulted in helping our college to expand its facilities and develop new programs of study. Cross Hall was an outstanding example of how this commitment and financial support can achieve exceptional results, and now we can say the same for our new Barton Farm Campus.”

In spite of continued decreasing state appropriations, enrollments at Missouri community colleges have been holding steady. NCMC’s head count has been about 1,800 students per semester. Dean of Students Dr. Kristen Alley commented, “Decreasing state dollars have created sparse campus resources, and community colleges tend to be the hardest hit when cuts are made to higher education as they rely heavily on state funds to keep tuition low.” Despite these challenges, more than 350 students received degrees and certificates at commencement ceremonies in May 2012.

Five consultant-evaluators from the Higher Learning Commission, a national accrediting group, visited NCMC in February 2012 to review its programs and services. This process is necessary at least every ten years to assure the public that NCMC is a quality institution and can remain eligible to receive federal funds. A strong Self-Study document, which took a steering committee four years to write, was used as the basis for the visit. Dean of Instruction Dr. Jamie Hooyman chaired the development of the 250-page document, which clearly defined NCMC’s mission as well as reviewed its strengths and weaknesses. Preliminary reports from the visit indicate that the visiting team will give NCMC a very favorable outcome.

NCMC’s vision, ***NCMC—where lifelong learners emerge***, has established a strong foundation for the success of many, many area residents, and we expect this tradition to continue. Come visit us and experience the excitement and opportunities that are available to you!

Fairs and Festivals

Annual celebrations are highlighted by the annual Missouri Day Festival which has recently celebrated its 27th year. The festival includes a marching band festival which provides evaluative events in parade, indoor auxiliary, indoor drum line, and field show. Craft Village is home to over 150 vendors with food, antiques, handmade crafts, home décor, and more. Entertainment is dispersed throughout the 4 day event which draws anywhere from 10,000 - 15,000 people from throughout the Midwest.

In addition to the Missouri Day Festival, the North Central Missouri Fair Board holds its annual fair and livestock show each year. The grandstand is home to professional talent, demolition derbies, ATV/motocross racing, bull riding, rodeos, and musical entertainment of all types.

The Gooseberry Festival is held the third weekend of June each year. Festival chairperson is Dr. Nick McHargue. This fun event features many activities for all ages.

Another festival sure to be fun for all ages is the annual Art in the Park festival, held every August in downtown Trenton.

Friends of the Arts

GRUNDY COUNTY FRIENDS OF THE ARTS is well known for the quality of the cultural events the organization brings to the area. Established in 1966, the arts council became a 501 (c) 3 in 1969 and has always maintained a close association with the Chamber of Commerce.

The Mission Statement of Grundy County Friends of the Arts is to **PRESENT** *affordable entertainment*, **PROMOTE** *education in the realm of fine arts* and **PROVIDE** *exposure to the arts in its many forms* to residents of Grundy County and the surrounding area.

Grundy County Friends of the Arts recognizes that children and young people are the future of the community and the organization works closely with the area schools. Each year GCFOA schedules at least one, but usually several, programs which present an assembly or master class in the schools as well as an evening concert. The Trenton Rotary Club has generously donated money to help with these school programs with a matching grant from the Missouri Arts Council. GCFOA collaborates with the Trenton R-IX School District, as well as other area schools.

The area has had numerous young people who have gone on to have successful careers in the Arts. They often return to the area to share their talents and some others have stayed in the community to teach art and music in the local schools.

A program called Art Talks was started by some GCFOA Board members in one school and is expanding to others. Local artists show prints of artworks and have conversations with students about the art, the artist and what the artist is trying to convey. They help the students learn to relate personally to the various works of art.

North Central Missouri College and GCFOA have a reciprocal agreement by which NCMC students are admitted to concerts free with their student ID.

GCFOA is also a supporter of the Dorris Rider Art Gallery which is located on the NCMC campus and they partnered with NCMC to develop this Gallery.

Each season Grundy County Friends of the Arts (GCFOA) presents programs in a variety of musical genres from country to classical and everything in between. Groups and individual performers such as choir, orchestra, dancers, handbells, instrumentalists and vocalists have appeared. Magicians & storytellers have even been included as well as many other art forms.

GCFOA also tries to include music from other parts of the world. Recently artists playing marimbas with music of Mexico and South America, Celtic step dancing of Ireland and drums of the Caribbean and Africa, appeared in evening concerts, as well as school assemblies.

GCFOA has been able to bring some well-known entertainers to the area, including: Larry Gatlin, Dino Kartsonakis, The Lennon Brothers, Moe Bandy, Up with People, and the U.S. Army Field Band & Chorus. Many shows which are very popular in Branson have traveled to Grundy County to entertain the community.

Grundy County Friends of the Arts is pleased to collaborate with the Grundy County Museum, as well as the Friends of the Library. The programs in collaboration with Friends of the Library are presented in the charming Hoover Theater which is located in the historic Jewett Norris Library.

The goal of Grundy County Friends of the Arts is to present programs in diverse forms of art and to keep the ticket prices affordable for all. Season tickets are sold for the complete season which makes the price of each concert more economical. Tickets are also available at the door. Each year a fund drive is held and local businesses and individuals are always generous with their support. Missouri Arts Council (MAC) and several other organizations and foundations provide grant money, as well.

An important quality of a small community in rural America is the way the citizens work together to enrich the lives of their children and to leave a wonderful legacy for many years to come. Grundy County Friends of the Arts has been a well-respected part of the community for 46 years and hopes to continue to provide quality art experiences for many years to come.
